CULTURE CHIC SHOCK

An exploration of London's rich diversity - Celebrating differences
creating peace!

From our food and drink to our culture and music, across the fields of entertainment and the arts, the advantages of London's amazing diversity are clear for all to see. London's proud tradition of openness towards people of all nationalities and backgrounds is what makes it the greatest city in the world!

Join us for Culture Chic Shock - I will Shock you with my Chic!

A brand-new combined arts programme at the Vauxhall Gardens Community Centre, 5 Glasshouse Walk, SE11 5ES this April 2022 for children aged 8 to 16 years old.

The trio of programmes will begin with music as a theme. Children and young people will create their own sounds inspired by four popular and unique music and dance genres. Our programme aims to enable participants to respect, embrace and celebrate multiculturalism recognising that as a society our diversity is not simply an added extra but one of our most valuable assets. Children and Young People will be divided into groups based on age and abilities. The five-day programme will culminate in a showcase on Friday 8 April 2022 for all parents and guardians.
