

Studio Voltaire Learning Programme Workshops

OVERVIEW & PURPOSE

Studio Voltaire warmly invites local **primary and secondary schools**, colleges, universities and youth and community groups to Studio Voltaire and to take part in tours, talks and workshops across our new site.

Our programmes support artists and provide opportunities for audiences to engage with the arts, via a free public programme of exhibitions, events and offsite commissions.

ACTIVITY

Workshops mixing practical skills and discursive topics responding to our exhibitions, artists and projects- developed in collaboration with each school. Themes could include local history, ecology and the environment, urbanism and architecture, portraiture, and creative writing. Sessions begin with a Curator and artist-led tour of the exhibition or artist garden, followed by a workshop.

HOW TO TAKE PART

This is an ongoing programme (2022) to enquire please get in touch with:

Natalie Mitchell, Assistant Curator (Participation) - natalie@studiovoltaire.org

Laura Harford, Curator (Participation) - laura@studiovoltaire.org
